How to read this chart

Start at row 1, bottom left. Read row 1 from left to right; row 2 from right to left. Alternate on every row.

Columns are numbered 1-11 from the left. Row numbers increase from bottom to top. Arrows show the reading direction.

Every square is one bead, including the ivory background. The complete rectangle has no empty cells.

These are custom colors, without manufacturer codes. Screen and printed colors are approximate; choose your own matching beads.

Square chart cells have a width/height ratio of 1. This is a reading chart, not actual size or finished weaving dimensions.

Row-by-row instructions

Read each instruction's color symbols and counts from left to right in the order shown. Arrows indicate movement across the chart only. Example: 3A 2B = 3 beads of A, then 2 beads of B. Each row totals 11 beads.

Begin with row 1. Finish rows 1-31 in the left column, then rows 32-61 in the right column.
